JEEVITHA T

GRADUATED IN COMPUTER APPLICATIONS

Contact

- +91 7806810657
- jeevithagavel@gmail.com
- Trichy, TamilNadu, India.

Skills

- Programming: Python, MySQL
- Web: HTML, CSS, JS
- Analytics Tools: Power BI, Excel
- Languages: English, Tamil
- Soft Skills: Adaptability, Time Management, Self-Motivation, Quick Learning

Internship

- Python Programming Intern

  Galwin Technology

  Feb 2024 to Apr 2024

- IOT (Internet Of Things) Intern

  EC-Technology

  Aug 2024 to Nov 2024

- Web Developement Intern

  VNY Infomatics

  Jan 2025 to Mar 2025

Objective

Self-motivated and technically proficient graduate with hands-on experience in Python, web technologies (HTML, CSS), MySQL, Power BI, and IoT. Eager to contribute to real-world projects, enhance application performance, and derive insights through data analysis in a collaborative environment.

Education

Vivekanandha college of arts and science for women's

Master of Computer Applications (2023 - 2025)
CGPA : 8.1

Bachelor of Information Technology (2020- 2023)
CGPA : 7.9

Sarojini Vidhyalaya Matric Higher Secondary school

HSC (2019 - 2020)
CGPA : 5.6

SSLC (2017 - 2018)
CGPA : 7.8

Project

Three level password authentication system

Tools: Python, MySQL | Duration: Sep–Nov 2024
  Developed a multi-layer authentication system combining user credentials, OTP, and security questions to enhance login security.

Stress detection based on image expression using deep learning

Tools: Python, Deep Learning | Duration: Jan–May 2025
  Built a model to detect stress levels by analyzing facial expressions using convolutional neural networks.
